Dear Mr. Tucker :

Hearing Order EH-2-2002 -NB Power Application

The Board acknowledges receipt of your letter of 11 March 2003 in which you seek permission to file excerpts from the "Report to NB Power on effect of high voltage transmission lines on property values".

The Board views and understands, through a phone conversation which Board counsel had with you, these excerpts to be more of the nature of "aids to cross-examination" than evidence. As the usual practice would suggest, you are welcome to question witnesses on certain documents, provided they are familiar with their content and to the extent that they can answer the questions being posed. If such is the case, and if the documents are relevant to the issues of this proceeding, then you may ask that these excerpts, in whole or in part, as appropriate, be entered on the record as exhibits. Therefore, at this time the Board will not enter these excerpts as exhibits but notes that you may seek to have them entered on the record, in whole or in part, as they are introduced or referred to during the course of the hearing.

Yours truly,
