Attention: Ms. Ramona Sladic, Secretary of the Commission

Dear Ms. Sladic,

**Re: Westcoast Energy Inc. (“Westcoast”)
Application for Approval of 2022 to 2026 Transmission Toll Settlement and Amendments to
Westcoast’s Pipeline Tariff**

Westcoast has entered into a settlement agreement (“Settlement”) dated November 3, 2022 respecting the determination of tolls for mainline transmission services in T-North and T-South for 2022 to 2026. A vote was held at a November 9, 2022 Tolls and Tariff Task Force meeting resulting in an unopposed resolution in support of the Settlement as set out in Issue Resolution Sheet (“IRS”) 2022-02 (Attachment 1).

Accordingly, enclosed for filing with the Canada Energy Regulator (“CER”) is an Application pursuant to Section 226 of the *Canadian Energy Regulator Act* for approval of the Settlement (Attachment 2). A copy of the Settlement, which is entitled “Westcoast Energy Inc. 2022 to 2026 Transmission Toll Settlement”, is included as part of the IRS in Attachment 1.

In accordance with the Settlement, Westcoast is also filing tariff amendments in respect of contract demand credits to become effective the first day of the month following approval of the Settlement. A clean and blacklined copy of the tariff amendments are attached (Attachment 3).

Westcoast is inviting interested parties to file comments, if any, with the CER regarding this Application, the process that resulted in the Settlement and the process the CER should adopt for consideration of this Application and serve a copy on Westcoast by noon Calgary time on November 24, 2022. Westcoast will file its reply, if any, with the CER and serve a copy on all interested parties by noon Calgary time on December 1, 2022.

Sincerely,

Tracy Holden
