Notice of Proposed Detailed Route

Pursuant to Section 34(1)(b) ("Notice") of the *National Energy Board Act*, R.S.C. 1985, c. N-7 ("NEB Act")

IN THE MATTER OF the NEB Act and the regulations made thereunder;

IN THE MATTER OF the Certificate of Public Convenience and Necessity OC-58 approving the general route of the Keystone XL Pipeline Project ("Pipeline");

AND IN THE MATTER OF an application by TransCanada Keystone Pipeline GP Ltd. ("Keystone") respecting the determination and approval of the detailed route for the construction of a 530 kilometre crude oil pipeline originating at Hardisty, Alberta and linking with Keystone's United States pipeline system at the international border near Monchy, Saskatchewan and described in Attachment "1" to this Notice.

If you anticipate that your lands may be adversely affected by the proposed detailed route of the Pipeline, you may oppose the proposed detailed route by filing a written statement of opposition with the National Energy Board ("Board") within thirty (30) days following the publication of this notice. The written statement of opposition must set out the nature of your interest in those lands and the grounds for your opposition to the proposed detailed route.

A copy of any such written statement of opposition must be sent to the following addresses:

Where a written statement is filed with the Board within the thirty (30) days of being served this notice, the Board shall forthwith order, subject to certain exceptions as noted below, that a public hearing be conducted within the area in which the lands to which the statement relates are situated with respect to any grounds of opposition set out in any such statement.

The Board is not required to give any notice, hold any hearing or take any other action with respect to any written statement of opposition filed with the Board and may at any time disregard any such written statement if the person who filed the statement files a notice of withdrawal, or it appears to the Board that the statement is frivolous, vexatious or is not made in good faith.

If the Board determines to hold a public hearing, the Board will fix a suitable time and place of the hearing and publish notice of the hearing in at least one issue of a publication, if any, in general circulation within the area in which the lands proposed to be acquired are situated. The Board will also send such notice to each person who files a written statement of opposition with the Board.

The Board or a person authorized by the Board may make such inspection of the lands proposed to be acquired for or affected by the Pipeline construction as the Board deems necessary.

At the hearing, the Board will permit each person who filed a written statement to make representations and may allow any other interested person to make representations before it as the Board deems proper.

The Board will take into account all written statements and all representations made at the hearing to determine the best possible detailed route of the Pipeline and the most appropriate methods and timing of constructing the Pipeline. The Board may impose in any approval such terms and conditions as it considers proper.

Where the Board has held a hearing in respect of any section or part of the Pipeline and approved or refused to approve the plan, profile and book of reference respecting that section or part, it will forward a copy of its decision and reasons to each person who made representation to the Board at the hearing.

The Board may fix such amount as it deems reasonable in respect of the actual costs reasonably incurred by any person who makes representations to the Board at such a hearing and the amount so fixed will be paid forthwith to the person by Keystone.

A copy of the plan, profile and book of reference for the detailed route is available for inspection by you at the following locations:
