Subject

Please withhold approval of Enbridge's Line 9 reversal project

Attn: Ms. Young and Ms. Losier,

I am writing to express my objection to the Enbridge Line 9 reversal project in Ontario. The project raises the threat of a pipeline spill in Ontario because it would mean transporting the oil at an increased pressure, and would likely cause a shift to more polluting and corrosive tar sands oil. This poses a risk to the ecosystems and health of Ontario residents.

I am also concerned that the project threatens Ontario's energy security, cutting off imports from the East, and increasing our dependence on oil from the tar sands.

I respectfully ask you to withhold approval of this project in order to preserve the safety and security of Ontario's environment and its residents.

Sincerely,

The undersigned.
