Dear Ms. Copley:

**Genesis Pipeline Canada Ltd.  
NOVA Chemicals (Canada) Ltd. (NCCL)  
National Energy Board (NEB) File OF-Gen-06-FRR**

The National Energy Board is in receipt of your letters dated 16 April 2019 and documents supporting your Financial Resources Plan. The Board is reviewing this information.

The Board has considered Genesis and NCCL's submissions and finds that financial and commercial information contained in the certificates of insurance and revolving credit agreements meet the test for confidentiality set out in paragraph 16.1(b) of the *National Energy Board Act*. The Board therefore accepts the filings as confidential and will not place the information on the record or otherwise make it available to the public.

In reaching this determination, the Board finds that the commercial details provided have been consistently treated as confidential. The Board also took into consideration that Genesis and NCCL provided redacted versions of the certificates of insurance. Overall the Board has determined the interest of Genesis and NCCL in confidentiality outweighs the public interest in disclosure.

Yours truly,

*Original signed by L. George for*

Sheri Young  
Secretary of the Board
