

**Information Request for Proponents
NEB Hearing Order – GH-1
Mackenzie Gas Project**

IR# 1

To: Proponent and National Energy Board (NEB)

Reference: Mackenzie Valley Pipeline (MVP)
Application Volume 1, Section 2.2.4 Interconnections

Preamble: The Town of Hay River has a pipe propane gas distribution system that services the community. If economics permit the Town of Hay River may request access to the pipeline for the following:

1. Installation of future pipeline to the Hay River Area.
or:
2. Installation of facilities to provide trucked Liquid Natural Gas to the community.

Request:

- a) Does the agreement alluded to in section 2.2.4 extend to communities not in direct geographical proximity to the MVP.
- b) Will there be a cost assessed to the communities for these assess points and if so outline the proposed cost structure.
- c) Is it required that these interconnections be installed during construction of the MVP or can this occur at a later date.
