Dear Mr. Stoness and Mr. Denstedt:

**Trans Mountain Pipeline ULC (Trans Mountain)  
Trans Mountain Expansion Project (Project)  
Order in Council (OIC) No. P.C. 2019-0820  
Certificate of Public Convenience and Necessity (Certificate) OC-065; Amending  
Orders AO-005-OC-2 and AO-004-OC-49; and Orders XO-T260-007-2016,  
XO-T260-008-2016, XO-T260-009-2016, XO-T260-010-2016, and MO-015-2016**

On 18 June 2019, via OIC No. P.C. 2019-0820, the Governor in Council (GIC) directed the National Energy Board (Board) to issue a Certificate for the Project. The GIC also approved amendments to existing Certificates in relation to the Project. Please find attached, for your records, a copy of Certificate OC-065, and Amending Orders AO-005-OC-2 and AO-004-OC-49, in both official languages.

With the issuance of the Certificates, Orders XO-T260-007-2016, XO-T260-008-2016, XO-T260-009-2016, XO-T260-010-2016, and MO-015-2016 are in effect, subject to the conditions as amended by the GIC.

By way of a separate letter, the Board will issue, for public comment, a proposed approach to resuming the regulatory processes required for the next phases of the Project lifecycle, including the detailed route approval process, condition compliance, and the Board's consideration of routing and non-routing variance requests. Following the comment period, the Board will issue instruments to update the conditions in respect of Orders XO-T260-007-2016, XO-T260-008-2016, XO-T260-009-2016, XO-T260-010-2016, and MO-015-2016.

.../2

The Board reminds Trans Mountain that the issuance of Certificates does not automatically reinstate previous Board decisions or orders required to commence or resume construction activities.

Yours truly,
