

Process Fact Sheet

Enbridge Line 10 Westover Segment Replacement Project

This document provides a summary of process steps the Board is taking to assess this application and how you can become involved.

Project Summary

Enbridge Pipelines Inc. (Enbridge) has proposed to replace approximately 32 kilometres (km) of existing 12-inch diameter Line 10 pipe with approximately 35 km of new 20-inch diameter pipe in southern Ontario. It would connect Enbridge's Westover Terminal to its Nanticoke Junction facility in the City of Hamilton. The project includes three new sections for proposed reroutes from the existing right-of-way totaling approximately 11 km.

Enbridge has applied under Section 58 of the NEB Act, as per [[Filing A74506](#)] and [[Filing A74508](#)], for approval to construct and operate this section of the replacement Line 10 pipeline, and under Section 45.1 of the National Energy Board Onshore Pipeline Regulations (OPR) to decommission the section of the Line 10 pipeline that is being replaced.

NEB Proceedings

- The Board is holding a public hearing to consider the application for the Project. The Public hearing will contain written and oral components. The steps and deadlines for this hearing are outlined in full detail in the Hearing Order (Hearing Order OH-001-2016).

Participation:

- The Board will host an open Information Session for the public on Wednesday, 2 March 2016 beginning at 7pm (local time) to help explain NEB processes and participation options available.
- Interested persons may register or apply to the Board to participate in the hearing. Interested person may participate as either an Intervenor or a Commenter:
 - An **Intervenor** is person who is directly affected, has relevant information or has expertise.
 - A **Commenter** is a person who has relevant information or expertise.
- Ultimately the Board determines whether you will participate as an Intervenor or a Commenter.
- The Board has decided that the Indigenous groups, municipalities and landowners and occupants who are directly affected by the Application may have standing.
- The Board will hold a Community Meeting to provide an opportunity for Intervenor and Commenter to provide supplemental evidence to the Board in a less formal setting.
- The Board expects to the process to include oral cross-examination and oral final argument.
